Reference

Air Purifier XXL

Ref. 8303 Air Purifier XL, 1 unit

About

HEPA filter 14
Filter decontamination and regeneration
Ionizer
Humidity and temperature sensor
Timer function
Air quality and filter change indicators
Effective area: Up to 320 m3 volume

GENERAL SALES CONDITIONS

Save as otherwise agreed between the Parties, the general sales shall always take place under the following conditions:

1. The price list and products are only for distributors
2. All the prices published in the present price list do not include taxes or freight.
3. Full pallets will only be dispensed with the number of boxes indicated in the rate.
4. The guarantee does not include the transport.
5. The order payment will be made in advance.
6. The shipment will be COD and made with the freight company that Proandre S.L. will chose. We will not accept any complain 48 hours after delivery.
7. Returns or changes are not accepted after 7 days of delivery and without its original packaging.
8. The goods will remain Proandre's property until settlement of the invoice (s).
9. Any different commercial condition from those express will be negotiated directly between the Distributor and Proandre S.L.
